Big-Four Parley Ends First Week Of Deliberations

Sessions Reveal Large Number Of German War Prisoners Are Still Held

SOVIET DELAYS GIVING FIGURES

By KINGSBURY SMITH
(U. S. Staff Correspondent)

MOSCOW, Mar. 15.—The Big Four council of foreign ministers rounded out its first week of historic deliberations today with a "business as usual" Saturday session devoted to the future of defeated Germany.

Political problems involved in the final peace settlement as well as measures to be taken regarding the status of millions of "displaced persons" were on the agenda.

Soviet Foreign Minister V. M. Molotov was slated to issue an official statement confirming that some 800,000 German war prisoners still are held inside the Soviet Union.

Soviet Report Delayed

Ministers of the other three nations yesterday tabled their current prisoner-of-war figures before the council. But the promised official report from the Soviet minister still was awaited.

An authoritative source, however, said that German prisoners within the Soviet Union total to about 800,000, adding that more than one million have been freed and returned to Germany since the end of the war.

Press representatives consider it highly unlikely that the informant would make public these figures without official approval.

(Radio Moscow—quoting Tass, official Soviet news agency—said 690,000.)

PA NEW OBSERVES

Since 7:30 a. m. today state highway department crews have been on the job ashing the roads of the county system making them safe for travel. For the past several weeks, the crews have been called out on Saturday or Sunday to keep the roads open for travel. It was anticipated that today's snow would be short lived and that the snow plows would not have to travel out.

Today is the deadline for turning in income tax reports to the government, and while a majority of tax payers have already completed that duty, there are a lot of eleventh hour reports being filed today, Pa New is informed.

Motorists who thought that slippery streets and roads had been repaired for the present season got a surprise this morning when a heavy snow arrived in the district, rather unexpectedly.

Pa New could easily understand why Caesar was told to beware the Ides of March, which occurred in the old Roman calendar on the 15th of the month. Raising up on his elbow and peering out the window shortly after the break of day, he saw very much like disgruntled to note that it was snowing again. We pass the warning on to motorists to beware today and take things easy on the slippery streets and highways.

One of the small squirrels that makes its home in the North Hill section, evidently was fooled by the mild weather of the past few days and came out of its winter home this morning for the first time, only to find that winter had decided to return. The squirrel quickly went back into retirement for a while, Pa New is told.

Dear Pa New: I go to a country school east of New Castle, and as I was walking home from school, I saw a very much fly across the road, light in a tree and start to sing. Kenneth McConnell, aged 13, R. D. 1, Ellwood City.

By RAYMOND WILCOVE
(U. S. Staff Correspondent)

WASHINGTON, Mar. 15.—Rep. Knutson (R) Minn., chairman of the House Ways and Means committee, declared today that Speaker Martin (R) Mass., has thrown his support behind a bill for a flat 20 per cent cut in taxes.

Knutson simultaneously claimed that Rep. Halleck (R) Ind., majority leader, also supports his tax reduction measure.

Begin Voting Monday

The Minnesota Republican said his group would begin voting on his bill Monday and would report it out around Thursday, and planned to call it up in the House March 24.

He said there would be one day of debate with the Housing voting on the measure March 25 under a closed rule that will not permit any amendments. The committee ended two days of open hearings yesterday.

Knutson predicted that "only 12 to 15" Republicans will vote against (Continued on Page Two)

Large Rewards Are Offered For McNear's Slayer

PEORIA, Ill., Mar. 15.—(INS)—Rewards totaling \$38,655 were offered today for the apprehension and conviction of the slayer or slayers of Railroad President George P. McNear, Jr., who was shot down from ambush last Monday night.

A \$25,000 reward was posted yesterday by McNear's line, the Toledo Peoria & Western Railroad, to top the list of individual prizes for solution of the case.

Peoria police, in seeking clues, disclosed that shotgun wadding pads had been found in McNear's clothing.

They asserted that markings on the padding of a shotgun shell sometimes will identify the weapon from which it was fired.

Ten clothing and pieces of felt padding have been forwarded to the Federal Bureau of Investigation in Washington.

Police said there was no announcement on other meager physical clues, a pair of gloves and plaster casts of footprints—also sent to Washington for examination.

MERCER COUNTY WOMAN KILLED IN AUTO CRASH

Mrs. M. R. Morris Dies In Accident Near Harrisburg; Husband Is Injured In Collision

HARRISBURG, March 15.—(INS)—Mrs. Margaret G. Morris, 32, of Jamestown, R. D. 2, Mercer county, today was dead, and her husband, Merle R. Morris, 35, hospitalized as the result of an accident in which their automobile crashed into the rear of a tractor trailer near Harrisburg.

Assistant Dauphin County Coroner George M. Kiltch said Mrs. Morris died instantly of a crushed skull sustained when the top of the car was sheared off and the sides were twisted in the collision.

State police said Morris apparently was attempting to pass the truck the right side of his vehicle struck it. He suffered a possible fractured arm and lacerations.

The couple was en route from Allentown to the home of Morris' parents near Meadville, police said. Their household articles were strewn over the highway for a distance of 100 feet and their dog thrown with them from the car as so badly injured it had to be shot.

Police said Morris asserted he "couldn't remember anything and didn't know what happened." He was released on his own recognizance.

Red Cross Total Reaches \$17,905 In Annual Drive

Chairman McCracken Reports Splendid Gain In County At Friday Meeting

HOPE TO FINISH EFFORTS MARCH 21

S. Glenn McCracken, general chairman of the county's Red Cross campaign, today reported splendid gains as the fund total reached \$17,905 at the Friday report meeting in the chapter house, North Beaver street.

In pointing out that the ARC still needs \$7,000 to meet its quota, Mr. McCracken warned the workers to not get over-optimistic as the result of this week's fine gain and told the division chairman that it is desired to conclude the drive March 21.

Final Effort
"We have designated next Friday as 'over-the-top' day," said the chairman, "and all the workers are determined to finish the job in fine style. We realize that the final push of the effort will be the hardest. One of the most gratifying things about the campaign is the number of people who have brought their contributions to the drive headquarters without any solicitation. Our workers have done a great job this year and the response of the public has been most hearty."

Breakdown of the divisions shows the following totals thus far in the effort:

Business, including attorneys, insurance and real estate, \$3,250; county, \$835; government, \$309; industry, \$6,625; railroads, \$604; residential, \$2,540; schools, \$895; special groups, \$347; Ellwood City donations, \$2,500.

Goal in this year's campaign is \$25,000, of which Ellwood City is striving to furnish \$5000.

U. S. Plans New Note To Russia About Hungary

By JOHN A. REICHMAN
(U. S. Staff Correspondent)

WASHINGTON, March 15.—The United States today was expected to intensify its efforts to win nations in the Soviet sphere of influence from Communist control.

Responsible sources said that early next week a fresh note would be dispatched to Budapest, Moscow and London pressing U. S. demands that the Soviet occupation authorities refrain from supporting a Communist led minority seeking to overthrow the present elected regime in Hungary.

Acting Secretary of State Dean Acheson recently reported that new steps would be taken regarding this situation following Soviet rejection of demands that the problem be remedied. Moscow rejected the appeal on the grounds that to accept it would be to interfere in Hungary's internal affairs.

Observers doubted that little more could be done than dispatch a fresh note on the subject. It was noted that any economic steps might work against rather than help the situation.

Margaret Truman Leaves For Detroit For Singing Debut

WASHINGTON, March 15.—(INS)—The White House announced that Miss Margaret Truman will leave Washington by plane at 2:15 p. m. (EST) today for Detroit, where she will make her debut as a singer with the Detroit symphony Sunday night.

Eben Ayers, assistant White House secretary, said Miss Truman is completely recovered from laryngitis, which forced cancellation of her performance a week ago.

The Detroit symphony program will be broadcast by the ABC network from 8 to 9 p. m. (EST) tomorrow night.

Miss Truman's plane will arrive in Detroit at 5:51 p. m. (EST). She will be accompanied by Mrs. Thomas J. Strickler, her voice teacher, and Miss Reinal Odum, Mrs. Truman's secretary.

FRANKFURT, Mar. 15.—(INS)—In a formal ceremony at Frankfurt, Lt. Gen. Lucius D. Clay accepted the command of United States troops in Europe today from Gen. Joseph T. McNarney.

Throughout the ceremony, troops representing many of the U. S. units in Germany stood at attention in front of the Frankfurt headquarters, and American fighter planes circled overhead.

Melting Snows Cause Floods In Part Of England

Large Areas In Southern England Are Inundated By Flood Waters

RECORD 1894 FLOOD MAY BE EXCEEDED

LONDON, Mar. 15.—(INS)—Rivers in southern England, swollen by melting snows, burst their banks today and flooded large areas.

Sections of cities, entire towns and villages were inundated and thousands of residents driven from their homes.

Because of unsanitary conditions resulting from the floods, residents of eight London districts received official warning to boil all water before using it either for cooking or drinking.

A citywide appeal was issued to save all water as much as possible. A nine-thousand-mile triangle, extending from coast to coast, was feared to be in peril of becoming one vast lake. The threatened areas lie between the Bristol channel, the Wash and the Thames valley.

Out Of Control
The Thames was said officially to be "out of control" in the Reading and Maidenhead areas, it is expected to pass the 1894 record flood mark before the end of the day.

Troops rushed to eastside London and enforced wartime emergency controls when one million persons were deprived of drinking water after the Lea river poured over its banks and inundated pumping stations and filter beds.

Thousands were marooned and great ice-cakes flowed down the main streets of Bedford after the great Ouse over-ran its banks in several places.

Towns and villages near Worcester were inundated by the flooding of the Severn.

Russia May Put Greece, Turkey Issues Up To UN

By PIERRE J. HUSS
(U. S. Staff Correspondent)

LAKE SUCCESS, N. Y., March 15.—Soviet reaction out of Moscow on President Truman's speech was accepted at United Nations today as a forerunner that the Security Council will become the main battleground over the issues of Greece and Turkey.

Although official moves by Russia are out of the question until congress has approved the requested aid, United Nations sources admitted that the Soviet Union logically could halt the United States before the Security Council on the following broad charges:

1.—Interference in the internal affairs of Greece and Turkey;

2.—Endangering the peace and harmony of nations through men's sures not in harmony with the United Nations charter.

Qualified observers at Lake Success closely connected with the Soviet U. N. delegation expressed the belief that Russia may decide to place the Truman action before the Security Council in order to utilize the United Nations as a world sounding board for the drumfire of counter-propaganda to be let loose by Moscow.

The same sources did not exclude the likelihood that the Soviets might vigorously renew their campaign at United Nations against Franco Spain and bluntly accuse the United States, Britain and some others of soft-peddling their previous opposition to Fascism to use the latter as a foil against Communism.

Good Example By U. S. Will Not Disarm World

PHILADELPHIA, Mar. 15.—(INS)—Secretary of the Navy Forrestal warned today that the ability of the United States now to meet world aggression with military strength "is open to serious question."

Forrestal, speaking before the Foreign Policy association in Philadelphia, declared that the nation will lack the power to defend itself or "anyone else" if "we proceed further in emasculating our strength."

He said that "we cannot discard our defenses until we have the safeguard of a fool-proof system of collective security, and the development of such a system is a long and difficult job that has only just begun."

The Navy secretary contended that "armaments in the possession of a nation which hates war, far from being a threat to peace, are actually a means to keep it." He added:

"To assume that peace is promoted by disarming peaceful nations is like proposing to eliminate criminals by disarming the police."

Branding as a "false premise" any assumption that "we can persuade other nations to disarm by setting a good example," Forrestal declared that such ideas had never "worked out" in the past.

He asserted that the actual reduction of armaments must be related to the growth of the United Nations "in stature and prestige," and settlement of "accounts of World War II" and "the recovery of the world from poverty and exhaustion."

The Navy secretary added: "Our practical sense tells us that in this still imperfect world, high principles and noble purposes are not enough. They must be backed up with sufficient strength to make our voice heard—and heeded. The weak have little influence."

President Goes Fishing Outside Florida Keys

By ROBERT G. NIXON
(U. S. Staff Correspondent)

U. S. S. SUBMARINE BASE, KEY WEST, Fla., Mar. 15.—President Truman looked like a new man today as he began the third day of his Florida sojourn.

Three nights of sleep and daily periods of loafing on the beach in the sun have rested the chief executive completely from the fatigue of his strenuous trip to Mexico and his recent major speeches on a troubled world picture.

The President has a ruddy tan from his swims and sunbaths under the hot south Florida skies. The tired lines that showed for a few days in his face have been smoothed out.

Today, the President turned to (Continued on Page Two)

Truman Ignores Soviet Attacks

Has No Comment On Russian Attacks On Plan To Aid Greece And Turkey

U. S. S. SUBMARINE BASE, KEY WEST, Fla., March 15.—(INS)—President Truman today calmly ignored the attack by the Russian publication Izvestia on his program to aid Greece and Turkey.

Presidential Secretary Charles G. Ross disclosed that Mr. Truman read the Izvestia editorial which charged the United States with attempting to take over the sovereignty of Greece and Turkey.

Ross then said: "The President has no comment to make."

Ross also disclosed that the President has heard from Secretary of State Marshall since his arrival at Key West. Ross indicated, however, that the communication came through State Department channels rather than a direct telephone call between Mr. Truman and his secretary of state.

The presidential secretary said that Mr. Truman read the Izvestia attack in American newspapers. Izvestia, generally regarded as the voice of the Soviet government, compared the President's reference to "totalitarian aggression" with Hitler's attack on bolshevism "when he wanted to prepare the road for invasion."

The car reportedly operated by Krajewski pulled out to pass a parked truck and sideswiped another car coming from the opposite direction. It is reported, it then crashed against a telephone pole. The car was damaged badly.

Spring-Like Weather Of Few Days Gives Way To Return Of Snow And Colder

(International News Service)
A cold front that pushed into western Pennsylvania from the north-west today dropped temperatures below the freezing point, with little prospect of further spring-like weather within a few days.

No severe cold was forecast, however. Temperatures generally were expected to hover around the freezing mark today, with drops into the mid-twenties tonight.

Snow flurries, forecast yesterday, already had begun in most areas, and were expected to continue intermittently tomorrow.

Meanwhile, the return of cold weather caused further uncertainty among industries affected by the gas shortage in the Pittsburgh area.

President Truman Gives Statement On Greece's Stand

Greek Government And Opposition Party Will "Co-operate Unreservedly" With U. S.

U. S. ASSISTANCE TO BE WELCOMED

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, Mar. 15.—President Truman announced today that the Greek government and the opposition party will "co-operate unreservedly" with United States efforts to restore "economic stability and internal order" in that nation.

The White House made public a statement by the president and also disclosed the text of messages from Greek Prime Minister Maximos and Themistocles Sophoulis, leader of the parliamentary opposition.

Mr. Truman said both messages "welcome the prospect of the kind of American assistance which I recently requested Congress to authorize, and pledge the wholehearted support of the Greek people in devoting any aid that may be forthcoming to the purpose of constructive rehabilitation and the cause of peace and freedom."

The president said that the two statements bear witness to the fact (Continued on Page Two)

Soviet Paper In New Attack On U. S. Greek Aid

By NATALIA RENE
(U. S. Staff Correspondent)

MOSCOW, Mar. 15.—The Soviet newspaper Pravda bitterly attacked President Truman's request for funds to aid Greece and Turkey today with a charge it was "imperialistic expansion" presented under "the guise of charity."

It compared Truman's reference to "the threat of totalitarian regimes" with Hitler's ravings against "Bolshevik danger," which frequently preceded Nazi Germany's attacks on neighboring nations.

But in Truman's message, the paper continued, "the nobleness was spoiled somewhat" by the fact he "could not but resort to money lending."

Kearns Receives Second Threat

WASHINGTON, Mar. 15.—(INS)—Rep. Carroll Kearns (R) Pa., said today he has received a second threat in connection with the slaying of George P. McNear Jr., Peoria, Ill., railroad president.

Kearns said that the latest warning was made "in writing" and that the letter is "now in other hands." The congressman refused to discuss the matter further, saying: "I can't talk any more about it now."

He declined to confirm or deny reports that the message has been turned over to the FBI.

Kearns earlier reported that he was informed by an anonymous telephone caller that he had been seen dining with McNear and that he ought to change his mind about labor.

What do you mean it's the spring-time, how do you get that way, there's snow in the air and lead in the sky and it's just thirty-two today. It may be spring in a short time, but winter is here just now, and the robin's cheer is a little bit weak, the winter's still here, I trow. So hold those sheer things, m'lady, wear your woolen clothes with a smile, this weather may freeze all the chickadees, for winter's here for a while.

PARIS, March 15.—(INS)—Search parties were reported today to have located the wreckage of a French commercial airliner, missing since yesterday with 23 aboard, near the village of Vacherie in the Vercors mountains.

Vacherie is four kilometers from the hamlet of Leoncel, whose inhabitants yesterday reported having heard a violent explosion in nearby mountain peaks.

PRESIDENT TRUMAN GIVES STATEMENT ON GREECE'S STAND

(Continued from Page One)

that all members of the Greek parliament, including the opposition, are prepared to cooperate with the United States. He added:

"I sincerely hope that these evidences of good will mark the beginning of a happier era for Greece. . . it is also my profound hope that those Greeks who have taken up arms against their government will accept with confidence the amnesty which the Greek government is extending to all except those guilty of crimes against the law."

The president said he was sure the Greek people will "rally their strength to vitalize their national life, forgetting past excesses and looking courageously toward a hopeful future."

In his letter to the president, Prime Minister Maximos said that the president's address to Congress is destined to have a "decisive influence on the future of the world."

Facing Subversive Movement

Maximos declared Greece is now facing a "subversive movement of a militant minority which is supported from abroad and is seeking to impose its will upon the majority of the people by force of arms and terrorism."

"Sophoulis offered the opposition's 'deepest gratitude' for the president's proposal of aid to Greece. He said:

"The assistance of the United States and your wise advice condemning the extremes of the right and left and recommending a policy of toleration will also contribute, I am sure, to the internal pacification of Greece without further bloodshed."

See Delay Past March 31

Congressional leaders believe it will be virtually impossible to meet President Truman's March 31 deadline for authorizing a 400 million dollar program of aid to Greece and Turkey.

It was learned today that such a pessimistic appraisal has been conveyed to administration officials handling the mechanics of this government's bold step to offset Communist expansion in the near east.

Responsible quarters said the state department's unofficial reply is that once Great Britain sees that U. S. assistance is on the way, she will "hang on" in Greece until it becomes available.

The barrier to speedier action is in the Senate, where a sudden logjam of other vital matters—with real and circumstantial deadlines of their own—stands in the way of the Truman program. These matters include the David E. Lilienthal nomination, the postal pay bill, and extension of sugar controls.

Would-Be Jail Breakers Given Long Sentences

NORRISTOWN, Pa., Mar. 15.—(INS)—Five long-term convicts were saddled down with additional heavy sentences today as a result of their frustrated jailbreak at the Eastern Penitentiary at Graterford. They pleaded guilty before Judge George C. Corson in Montgomery county court at Norristown. The biggest sentence was meted out to Doren Hoffman, 17, of Lewistown, Pa., who was given 9½ to 20 years in addition to his present four to eight year sentence.

Deputy Warden David Myers testified the men fell out of line while returning from dinner, grabbed two guards and threatened them with straight razors. They lost their nerve, however, when the guards refused to open the gates.

Fire Aboard Former Presidential Yacht

Boiler Explodes; Seaman Killed In Blast; Used As Whaling Vessel

BALTIMORE, Md., Mar. 15.—(INS)—A fire aboard the former presidential yacht "Mayflower" on Chesapeake Bay was brought under control early today after one crew member lost his life.

The yacht, which has been converted into a whaling vessel, was swept by flames when a boiler exploded, killing a seaman identified as Robert Telouquin, of Quebec, Canada.

Sixteen of the ship's crew were brought to Baltimore by a Canadian ship and six crew members remained aboard the stricken Mayflower to fight the fire with the aid of Navy and Coast Guard vessels.

The Mayflower was en route from Baltimore to Halifax, Nova Scotia, on a whaling expedition into Arctic waters. Its present owner and captain is Capt. Frank N. Shaw of Montreal.

532 German war prisoners now are held in the Soviet Union, and 1,093, 974 have been repatriated to Germany. The broadcast was heard in London.

Variance In Reports

(There is variance between the Tass statistics and estimates of western military observers, who believe the Soviets still are holding about three million German war prisoners.)

"Observers estimate the figure runs as high as five million when German civilians moved to work on projects inside the Soviet Union are added."

The war-prisoner statistics submitted by the western nations were: United States was said to hold 151,000 outside of Germany. Most of them were in Italy, being repatriated and discharged at a rate of about two thousand a week.

German war prisoners held in Germany by Britain were said to total 435,295, and were reported as being repatriated at a rate of more than 17,000 a month.

ASSERTS SPEAKER MARTIN FOR 20 PER CENT TAX CUT

his bill in the House and said he'd been told 40 Democrats would support it.

He said Martin endorsed his bill at a dinner given several nights ago by Rep. Coffin (R) Mich. Knutson stated:

"Joe Martin spoke at a dinner the other night given by Congressman Coffin. Martin gave his wholehearted support to my bill."

Knutson added that he had been ill and did not attend the dinner. Another congressman, who was present, asserted Martin did not endorse Knutson's bill "in his speech." He added, however, that he might have done so while conversing with other members.

Martin's stand on the bill has been open to conjecture. On November 14, 1946, shortly after the Republican victory at the polls, the House GOP Steering committee of which Martin is chairman, issued a statement expressing "the view that there can be a 20 per cent reduction across the board in personal income taxes."

Martin's support for Knutson's bill would practically assure its passage in the House. It is opposed by the administration, which favors postponement of any tax cuts until later.

Rep. Allen (R) Ill., Rules committee chairman, is opposing the Knutson bill in favor of a graduated tax cut. He predicted Wednesday that Knutson's committee would report out a graduated tax reduction.

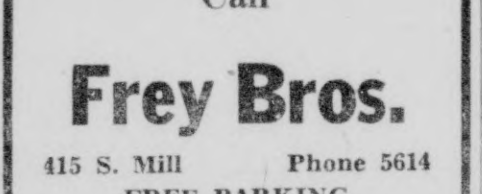

The Knutson bill provides a 20 per cent cut applicable to everyone earning up to \$303,000 a year, with a 10 per cent reduction on higher incomes.

FELCH-MEERMANS CHURCH WEDDING

First Methodist church was the
scene of the lovely and impressive
candlelight wedding Friday evening

daughter of Dr. and Mrs. William
P. Felch of 233 East Lincoln avenue,
and Robert Seipel Meermans, son of
Mr. and Mrs. Robert L. Meermans
of 506 East Winter avenue.

At seven o'clock before an altar
embankment of palms, ferns and
bamboo centered by a vase of white
snapdragons and carnations, and
lighted by white candles in bran-
ched candelabra, Dr. Burr R. Mc-
Knight officiated at the exchange of
vows with the single ring ceremony
in the presence of a gathering of
several hundred guests.

For her wedding the bride wore
her mother's wedding gown of ivory
satin and lace with a soft ruffle of
lace outlining the bodice below the
embroidered net yoke. Lace capped
the sleeves and edged the soft, wide
double ruffle around the bottom
of the skirt where it fell into a
graceful short train. Her finger-
ring veil cascaded from a cap of duchesse
lace and she carried a white Bible
marked with a white orchid and
streamers knotted with stephanotis.

She wore two shades of gold and
diamond pin, gift of the groom, and
carried a handkerchief that had be-
longed to her maternal grandmother.

Mrs. Joseph Urmon. She was
given in marriage by her father.

Her maid of honor, Miss Edythe
Sheppik of Pittsburgh, a former
suite mate at Grove City college,
wore a gown of delft blue silk mar-
quisette edged with a ruffle at the
low square neckline and around the
bracelet-length sleeves. Down the
back of the skirt a panner of ruf-
fles was inset. She carried a cas-
cade bouquet of pink roses and car-
nations, jonquils, blue and white
iris and white freesias tied with a
white maline bow and wore a rose
in her hair as a headress.

man and ushers were George Pet-
tison of Rochester, Ralph Miller of
Cleveland and Glen Gordon and

Paul and Mr. Pettison were Beta
Theta Pi fraternity brothers of the
groom at Washington & Jefferson
college.

Organ music was played by Edwin
Lewis, church organist, and preced-
ing the ceremony Mrs. E. C. O'Neill,
soprano soloist, sang "Thru the
Years" and "At Dawning".

Following the ceremony the bridal
party and parents of the bride and
groom received guests in the coral
room of The Castleton amid a set-
ting of greenery and bouquets of
spring flowers, pink carnations,
snapdragons, jonquils and iris.

Bowls of the same flowers de-
corated the long table from which
buffet refreshments were served.
Centering it was a four-tiered wed-
ding cake cut by the bride and
groom before their departure on an
eastern wedding trip.

Civic Spring Cleaning

The Ides of March will soon have passed, April with her whimsy will be with us soon and the average housewife feels the stirring of that old-fashioned virus of spring cleaning. The swish of the mop and the groans of husbands will be heard throughout the land.

It occurs to us that this would be a good spring to do some civic spring cleaning. Not every house can be painted, of course, for if such a thing were attempted there would probably be a shortage. But a lot of houses could and there are hundreds in the city that haven't felt the painters' brush since before the war.

Here's a small thing in an individual sense and yet it looms rather large in the mass. Front steps. Ever notice how many sets of front steps sag? Sloppy looking isn't it? Yet it takes but little time and money to fix it.

Or sidewalks. How many sidewalks in your neighborhood are cracked and broken. Not an expensive job, but done all over the city it would add to the appearance of the streets and to the safety of pedestrians.

Perhaps the chimney is leaning a little askew. There isn't any shortage of materials to make such repairs. Add to these suggestions cellar walls that need pointing up.

The war isn't any excuse now for failure to make those little improvements that add to the appearance and value of a home. Let's hope the urge to spring cleaning will not confine itself to only the distaff side this year.

Who Owns What?

We hear a lot about the "great, heartless corporations which dominate the American life." Left-wing orators, when they speak on the subject, seek to give the impression that a few sleek, pot-bellied men wearing wing collars sit around a mahogany table smoking dollar cigars to control the destinies of the corporation because they have the stock of the company in their vest pockets.

In light of this it may be well to call attention to the annual report of the American Telephone and Telegraph company—one of the greatest corporations in the world, and a utility at that. The report discloses that the end of 1946 695,660 stockholders owned the giant company, an increase of nearly 12,000 stockholders over the end of 1945. And no individual owns as much as one-half of one per cent of the stock. The report discloses that more than one-half of the owners are women, holding 41.3 per cent of the shares outstanding. Men own 25.7 per cent, 8.8 per cent are in joint accounts, 21 per cent are held by trustees, insurance companies, corporations, and private firms, and 1.4 per cent by brokers. About 50,000 Bell System employees own stock.

The report continues: "The Bell System belongs to people in all walks of life in the cities, towns, and rural areas of America. Five states have more than 50,000 stockholders each, 26 more 5,000, and no state has fewer than 500 stockholders. The capital of the Bell System comes from the savings of the many rather than the wealth of the few."

What is true of the American Telephone and Telegraph company is true to a great extent of General Motors, the Standard Oil companies, railway corporations and the smaller so-called independent companies the world over.

The Portal Pay Bill

After approving and then recalling one measure to outlaw portal-to-portal pay suits, the Senate Judiciary committee has now approved another bill frankly patterned on that already passed by the House. This is a most unusual compliment for Senators to pay to the other branch of Congress. In this case the committee has shown good judgment.

The bill now before the Senate deals far more directly and forthrightly with the whole issue of portal pay than did the earlier measure. It not only attempts to outlaw back claims but also bars pay for portal activities except in those cases covered by contract or by custom in the industry.

This is the way the business had been handled in the past and would probably have continued to be handled if it had not been for the Supreme Court's original opinion in the Mt. Clemens-Pottery case which opened the floodgates to billions of dollars in claims. Judge Picard's subsequent decision, if upheld by the high tribunal, will partially shut them again. This bill will complete the job of canceling a threat which ought never to have been raised.

The net effect of the legislation will be to protect contracts covering wages and hours which were negotiated in good faith by both labor and management. This is to the long run, as opposed to the merely temporary, advantage of even those unions which filed claims for back pay based on the Supreme Court's decision.

The old argument continues as to which is better, the primary or the convention. We get good and bad candidates by both methods. A great deal depends on the people who do the selecting.

WASHINGTON CALLING

by MARQUIS CHILDS

Sees Rent Control As Vital To Nation

WASHINGTON, Mar. 15.—If we are to do the things in the world that, in President Truman's definition, we must do in order to avert collapse and dictatorship, then we in America must have strength and stability. An America torn by dissension and harassed by economic troubles cannot help any one.

This is the time to take a long, hard look at the domestic situation shaping up just ahead of us. In many industries a show-down on wage negotiations is coming up shortly.

Steel is a significant example. In January, by mutual agreement, the United States Steel Corp. and the United Steel Workers agreed that the wage contract then in force should be continued for two and a half months beyond the end of the contract. This was a reasonable compromise intended to give both sides a chance to work out details of a new contract.

Since that agreement, only a few meetings have been held between the company and the union. Those meetings were not concerned with living costs in relation to wages. Union negotiators are said to have come out of those meetings feeling that the steel company wanted to cut back union privileges and union guarantees virtually to the old non-union days.

That the company should feel a new confidence would not be surprising. Many of the labor proposals now before congress would either strip down to a status so feeble that they would be almost certain to melt away. A great deal of the talk out of Washington is along the line that the unions must be curbed and disciplined, by which the extremists mean that they must be reduced to impotence.

Leaders Pessimistic

Leaders in the steel union, which has been kept free of Communist infiltration and influence, are pessimistic. They are wondering how they can go to their membership with the kind of proposals put up by the company, even if they were of a mind to accept those proposals. Their gloom is not heightened when they reflect that thus far the suggestion of a wage increase has not even been considered. And time is rapidly running out at the moment when new and drastic price increases are hitting the consumer right where he lives.

This last is perhaps the most serious side of the picture. Maybe things like seniority rights and the union shop could be negotiated. But it is hard to negotiate away a cost-of-living rise that makes it almost impossible for the housewife to stretch the family budget to cover food and rent.

Rep. Helen Gahan Douglas of California dramatized that fact the other day when she brought a market basket full of groceries onto the floor of the House. She said members she had paid \$15 at a low price chain store for the butter, eggs, meat and so on that the basket contained. Last June, she told the House, it would have cost \$10 to buy those same items. And she brought the comparative sales slips with her to prove her point.

Mrs. Douglas quoted a Bureau of Labor statistics release showing that wholesale food prices had gone up 3.1 per cent for the week ending March 6.

Rise Is Shown

Then she went on to point out that in the four years preceding last June, the over-all food price had risen on the average only 15 per cent. In the eight months since June, when in effect price controls were destroyed, the rise has been 30 to 35 per cent on the average.

Mrs. Douglas' speech was a plea for continuing rent controls. In the deficiency bill passed March 5, funds were provided for continuing OPA until April 30. This fund was cut to \$3,000,000 in conference, which makes it doubtful if OPA can go on as long as that.

Congress must act before that date to save rent controls. Sen. Robert A. Taft has said that action on rents will come shortly after the end of March and that possibly, to save money, enforcement will be put in the Department of Commerce.

"You certainly have no rent-control program when you talk in terms of court enforcement," Mrs. Douglas said. "And that's what is being talked about here in Congress. Remember that 50,000,000 families will be affected."

"If they wake up May 1 with no real rent controls but with only the promise of a court-enforcement program to be passed by Congress at some indefinite date in the future, what will happen? Landlords will raise their rents from one end of the country to the other. No the Republican-proposed 10 per cent but 25, 50, yes, and even in some cases 100 per cent."

These are the realities we had better face. A strike is a divisive thing. But sometimes strikes may grow out of the pressure of circumstances even though no one may want a strike.

Fifty-One Schools In County Contest Have Gained Points

Considered Excellent Record In View Of Weather Conditions Experienced

Fifty-one of the Sunday schools participating in the eight weeks pre-Easter increase campaign being promoted by the County Sunday School association have gained points and, considering the unfavorable weather for the first four Sundays, this is remarkably good. Before Easter it is anticipated that every Sunday school will have gained points and some will set new attendance records.

Most of the Sunday schools that are now in the lead, got an early start preparatory to the campaign, and are now reaping the attendance benefits. Other Sunday schools were a little late getting started, but are not putting on the pressure and are making good headway and will be active contenders for the awards.

There are five New Castle groups, one New Castle church attendance contest, and seven district groups outside of New Castle, making a total of 13 awards that will have the winners announced after Easter, and the awards presented at the annual county convention June 12.

Take as a whole, Ellwood district had a splendid attendance increase last Sunday, and from all indications will continue the good work for the remaining four weeks.

The last Sunday school to send in figures and enroll in the campaign was the Hillsville Methodist of Mt. Jackson district. Their average 1946 attendance was 43, and the last four Sundays in order were 39, 41, 46 and 43.

In China the name for Santa Claus is Lau Khoo, which means "nice old father".

Greek Situation To Detour Baruch Bomb Proposals

Senator Declares Baruch Plan 'Out
The Window' Temporarily Be-
cause Of Greek Crisis

By FRANK B. ALLEN
(U. S. S. Staff Correspondent)

WASHINGTON, Mar. 15.—Sen. Johnson (D) Col., declared today that the Baruch plan for world control of atomic energy and weapons is "out of the window" at least temporarily as a result of U. S.-Russian friction over Greece.

The congressional atomic committee member asserted that the international situation is certain to sidetrack all the world cooperation proposals, at least until the Greek issue is stabilized. He said:

"I think the Baruch plan and all else are out of the window.

"You can't negotiate while relations are tense and strained."

At the same time, Johnson and Atomic Chairman Hickenlooper (R) Iowa, saw no need for immediately considering any changes in the set-up for domestic control of atomic energy. Hickenlooper said:

"Peacetime military applications of atomic energy are adequately provided for in the law. The machinery is there for proper attention to military phases."

Hickenlooper added that "what-ever is necessary" could be decided upon and done quickly to concentrate on military preparations in the event of war threat. He said:

"I see no present necessity for any transfer of authority to the military."

TWO SEPARATE SYSTEMS

For superior performance, one motor should have one special function. FROSTAIR, with two kinds of cold, has two motors. Both are sealed and oiled for a lifetime of use. The left mechanism keeps the upper compartment constantly and correctly cold for refrigeration and ice-making. No gadgets and valves.

The other motor in FROSTAIR has one special job, too. It powers the zero storage locker... maintaining constant zero temperature so vital to vitamins, flavor and freshness in frozen foods. Only FROSTAIR has a two-motor system.

Here's the last word in home refrigerators—the amazing new FROSTAIR Duplex. It's a 7 cu. ft. deluxe refrigerator at the top, a 3.5 cu. ft. zero locker below!

There's no defrosting with FROSTAIR's 100% cold sleeve cooling. No covered dishes—sandwiches and salads stay fresh for days. And FROSTAIR's 12 lb. ice-maker produces 90 ice cubes every other hour.

All this, PLUS a giant frozen food locker that freezes and stores 130 lbs. of meat or 80 qts. of fruits and vegetables. You're all set for the greater use of new, tempting frozen foods with a FROSTAIR Duplex.

FROSTAIR is a product of Liquid Carbonic Corp., makers of top-quality refrigeration equipment for 45 years, and The General Tire & Rubber Co.

Holiness Homecoming

(Interdenominational)
Sunday Afternoon, 3:00
ALL CHRISTIANS INVITED

Bible Mission, (West State St.)
J. M. Honner, pastor.

"I BELONG TO CHURCH"

Of the many excuses offered by a large number of professing Christians for not attending services conducted by other churches this one seems to be so popular with many. Simply because you are a member of a church is no reason why you cannot attend another when you have the time and opportunity. These same people are ANXIOUS to have visitors in their own services but it hurts them to get over to repay the strangers visit. We actually have known of folk belonging to church for years but were so "wedded" to their creed that they never saw the inside of another church excepting their own. We wonder how these poor folk will act when they get to Heaven and discover folk from other denominations present? May God help us to fellowship with other folk down here in this life even tho we may belong to different churches. — J. M. Honner, pastor (Bible Mission).

We specialize in teaching holiness of heart and life.

"THAT'S WHAT HAPPENED IN WASHINGTON TODAY"

You hear that line every night over the air waves. The voice of Morgan Beatty, internationally known radio commentator, whose crisp delivery, careful analysis and intelligent presentation of world events stands him out as one of the most skillful men in his field today.

Now you can see him in person, hear him tell the inside stories of the Potsdam Conference, the Yalta Conference, and get an idea of the current Moscow Conference.

Morgan Beatty will be the principal speaker at the annual dinner of the Lawrence County Chapter, Pennsylvania Motor Truck Association, Saturday night, March 29, in the Cathedral.

For your entertainment, a one hour show of top flight stage and radio entertainers. Edward Gogolin, of Harrisburg, general manager of the P. M. T. A., will be the toastmaster. The seating capacity is limited. Tickets are \$3.50 and can be purchased from any member or at the stores of Cunningham and Weingartner or McGrath's Flower Shop, North Mill street.

This will be a grand evening of entertainment and interest.

Homecoming At Bible Mission

There will be a homecoming service conducted Sunday afternoon, March 16, at 3 p. m. in the Bible Mission, West Washington extension. This service is being dedicated for all Holiness groups, re-

siding in the vicinity of New Castle. Special singing and testimonies will be offered.

The pastor, J. M. Honner, also announces that the evening service will be omitted due to the fact that the Bible Mission group is to motor to Massillon, O., immediately after the homecoming service in order to attend the Northern Ohio Young People's conference which is being held in Massillon.

Paid In Full

Henry Clay at one time in his life owed \$10,000 to a bank in Kentucky. A number of friends, knowing that this debt weighed heavily on his mind, secretly raised the money and quietly paid off the debt.

When Mr. Clay later came to the bank to discuss his financial status, the cashier startled him by saying: "Mr. Clay, you don't owe this bank a cent!" "Why, how am I to understand you?" "Well," replied the cashier, "a number of your friends have paid off your debt for you—you account has been paid in full!"

Tears rushed into Mr. Clay's eyes and, unable to speak, he walked away. His heart was overwhelmed by the joy of a great deliverance—deliverance from a debt beyond his ability to pay.

What a striking illustration of the central fact of the Christian faith! "And you, being dead in your sins," says Paul, "hath He quickened . . . having forgiven you all trespasses; blotting out the handwriting . . . that was against us . . . nailing it to His cross." Colossians 2:14.

That handwriting was the debt of unforgiven sin which stood against us in the court of heaven. But that handwriting, says the Bible, is now gone, destroyed, "blotted out." Christ, by His substitutionary death in the place of sinners, has paid the full penalty, suffered the full punishment, and rendered complete satisfaction for every sin of every sinner.

"Paid in full!" That is the essence of the Gospel. "Paid in full!" Completely forgiven through the blood of Christ! That is the divine receipt of heaven which the Christian Church has been commissioned by her Master to proclaim.

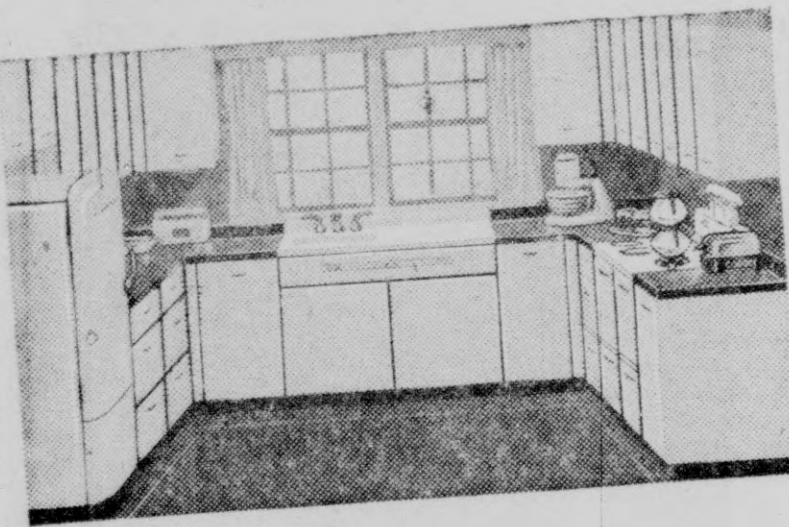

Have you rejected that divine receipt? To reject it is to assume the debt. Have you accepted the divine receipt by sincere and trusting faith? Then your debt is gone—paid in full by the blood of Christ—and heaven is forever yours?

County To Study Share Due City

Settlement On Brown Property Due To Be Delayed For Some Time

OTHER NEWS OF COURT HOUSE

Settlement by the county commissioners with the City of New Castle of the city's share of the delinquent taxes and interest paid in the redemption of the Brown property on East street may be held up for some time.

The property was redeemed under the provisions of the 1935 Permissive Redemption Act, the property being turned back to the original owners for the sum of \$27,300.12. Of this amount the city is entitled to a certain share.

County Controller Andrew W. Dodds called the commissioners' attention on Friday to the fact that some moneys paid in for use of the property may have been paid in as taxes instead of rent. He cited the fact that the taxes of 1935 and 1936 are listed against the property in the city records. The case is to be reviewed thoroughly in an effort to find out if the money on hand should be divided or if any refunds are due.

HOLD UP BIDS

The bids were held over by the county commissioners on Friday for further study.

The first bid was that of Frank D. Webster and the Office Machine and Equipment Co. for two 20-inch typewriters. Mr. Webster offered two Royals for \$378.25 and the Office Machine and Equipment offered two Remingtons for \$340.20. The contract will be awarded on March 19.

Two bids were offered for the work of rebinding and restoring the dockets in the office of the Prothonotary and Clerk of Courts and the Register and Recorder. The C. Edwin Hultman Company offered to do the entire job for \$22,708. The W. G. Johnston Company bid \$20,550 for the rebinding the dockets but could not bid upon the restoration job as this is a patented process.

A discussion arose as to whether the Hultman Company was under the Johnston Company upon rebinding and the commissioners decided to postpone the letting of the contract until March 28.

WOULD PAY FIREMEN

County Commissioner Joseph P. Travers asked Friday if it would be legal to send the Shenango Township Volunteer Fire Company a check for \$25 for work done recently at the county farm. A fire developed in the farm house and through the fast, efficient work of the Shenango volunteers the damage was kept down. Mr. Travers said that in his opinion the volunteers saved the farm house, and the barn, through their good work.

County Controller Dodds said he thought it would be improper to donate \$25 to the fire company but that he thought there was some merit in a suggestion that the county pay the fire company a stipulated amount each year for services.

inasmuch as the county has a large property investment in the township.

ONE SENTENCED

Emanuel Braddock, up before Judge W. Walker Braham on a plea to larceny and receiving stolen goods was sentenced Friday to pay a fine of \$150 and costs and go to twenty months to the county jail.

Don Cossacks On Tour Of Nation

Will Be In New Castle Saturday, March 22, As Part Of Extensive Tour

Back from a tour of Japan and Korea in which they encountered hurricanes, earthquakes, typhoons and revolutions, the famous General Platoon Don Cossack chorus opens its annual tour of the United States in Rochester, New York, in January. Led by Nicholas Kosturkoff, their ever-dashing conductor, the Cossacks offer a completely new program this season, topped by the appearance of their dancers in traditional specialties.

At the request of the United States army, the Cossacks flew to the far Pacific early last summer to sing for the American Army of Occupation in distant outposts. During a six-month tour, the Cossacks sang 110 concerts for 125,000 servicemen and were praised by the USO as one of the most popular attractions to appear under its auspices.

The singers hit the hurricane at Kagashima, the southernmost tip of Japan, after they had evacuated a city in Korea because of rumors of a revolution. They encountered the earthquake at Bihoro in northern Nippon. They also visited the wilderness of Hiroshima. Their most unforgettable concert was in the old Russian cathedral in Tokyo, from which city they were banished by Japanese military authorities in 1938.

The Cossacks will visit 100 cities in 30 states during their present American tour, being in New Castle on Saturday, March 22.

Their tour will conclude April 20, in New York City, when the Cossacks will sing their 1,000th American concert, in Carnegie hall.

The average depth of oil wells drilled in the United States has grown in the past 20 years from 2,900 to 3,500 feet.

Residents Urged To Avert Fires

Half As Many Homes Were Damaged By Fire As Were Built During Year

HARPER SAYS CARE IS NEEDED

Fires damaged more than 330,000 American homes last year, the equivalent of nearly fifty per cent of the 662,000 new homes completed for veterans in 1946, acting fire chief George W. Harper said today, and urged home-owners to take adequate precautions against the fire menace.

"On the basis of this record, American has been called the world's number one firetrap, acting chief Harper said. 'It won't help the veterans looking for new homes if we damage another 300,000 houses this year. Nearly 1,000 accidental blazes a day is a terrible record and it must be cut down.'

Acting Chief Harper blamed carelessness and failure to take adequate fire safety precautions as the major causes of fires. 'Ninety per cent of these fires could have been prevented if people had used just plain common sense.'

He warned that extreme care should be used with cigarettes and matches and urged all homeowners to install approved fire extinguishers as a protective measure.

"The end of winter is an excellent time to clean out the cellar, too. Many of these homes fires start in piles of rubbish or rags that have been left in some corner," Harper said numerous house fires also start in the kitchen from burning grease and warned housewives not to let grease accumulate on the stoves.

"The fire department will gladly inspect your home for fire hazards but everyone will have to be much more careful if we are to avoid a repetition of last year's terrible record."

TO BUILD OR REMODEL?

AS YOU MAKE your plans, think of your family's water needs. An extra bathroom or stall shower, a downstairs lavatory, laundry tubs, outlets for lawn sprinkling and car washing will mean far more to comfortable, convenient, healthful living than the cost involved.

BE SURE to include all you need of the conveniences water brings. Water is so cheap that five cents a day pays for the average family's daily needs... Be sure, too, to provide for automatic heating of water in your building plans. Hot water is a household blessing you can't afford to be without.

Hold Suspect In Racing News Czar's Murder In Chicago

Ex-Convict To Face Charges For
Assassination Of James
M. Ragen

CHICAGO, Mar. 15.—(INS)—William Block, 36, an ex-convict, was in the Cook county jail today as authorities announced they would charge him with the murder of James M. Ragen, Racing News czar.

Wilbert Crowley, first assistant state's attorney, told Chief Justice Harold G. Ward yesterday that the state would present a murder charge against Block Tuesday in felony court.

Crowley's assertion was made as Block's counsel sought his release on a writ of habeas corpus.

Meanwhile, the state's attorney's office was seeking a murder indictment against the ex-convict. State's Attorney William J. Tuohy declared he was "convinced of Block's guilt as he presented three witnesses at a grand jury session. Tuohy said the witnesses had identified the former convict as one of the gunmen who fatally wounded Ragen.

Ragen was shot in his own automobile from a camouflaged truck at a Chicago street intersection June 24. He died some weeks later in a hospital.

Block has been subjected to three lie detector tests. Police said his reactions to the first two led them to believe he was guilty of the shooting.

The cataloguing department of Columbia University, New York, last year catalogued 7,507 volumes more than during the 1943-44 academic years. Total card production rose to 236,546 or 35,138 more than 1943-44, according to the annual report of Carl M. White, director of libraries.

Memorial Trees Are Authorized In Third Class Cities

HARRISBURG, March 15.—(INS)—Third-class cities were authorized today by a law approved by Gov. James H. Duff to plant memorial trees for each of their citizens fatally wounded in World War II.

The measure, sponsored by Sen. Carleton T. Woodring (D) Northampton, extended provisions of an act covering World War I dead.

Another bill signed by the governor transferred \$7,500 from the motor license fund to the Department of Property and Supplies to cover a deficiency incurred while acting as purchasing agent for the Department of Highways.

PUNCTURES

Everybody knows about punctures nowadays. A puncture can cause a lot of trouble. Sometimes a puncture can be repaired and the tire made as good as new.

Sometimes a puncture is the cause of a terrible accident. There are other kind of punctures besides tires.

Sometimes a boy steps on a rusty nail or a splinter. He gets a puncture in his foot. The puncture may not cause much trouble at the time but later tetanus or lock jaw may occur.

In the late war our soldiers all got shots to prevent tetanus. This precaution prevented a lot of trouble. Tetanus is a serious disease.

Prevention is better than cure.

The fish called the "sole" is sometimes referred to as the "witch."

FREQUENT ERRORS OF SPEECH
"Will you give me a list of the most frequent errors of speech to be avoided. I am not referring to elementary construction but rather to colloquialisms and the carelessness of the educated who should know better."

Answer: Mary Ann all dressed up like Mrs. Astor's horse gives away her true background which she is trying so desperately to hide when she intersperses her conversation with such expressions as "I see her everywhere I go." "I have been nowhere to speak of since last February." The second syllable is properly pronounced ROO and there should be no "s" anywhere or nowhere.

Some more mistakes are: enthused instead of enthusiastic; politics are instead of is; preventative for preventive; tremendous for tremendous. Sentences such as this: "Anyone wishing to go with me should get their coat." (This construction is widely used by modern authors but it is still technically incorrect. It is better to change the construction to include a plural subject or substitute his for theirs.

Then, of course, there are the "cat people" who pronounce now and how like meow. A common error is data is, data being plural. A thing cannot be more unique or less unique. It is either absolutely unique or not so at all.

A candelabra is incorrect. The singular is candelabrum. Candelabra is plural. It is surprising the number of educated people who say he don't, she don't, it don't.

Do not be afraid to use the words man and woman. For example: "My sister knows a man who has come back from Japan", or "My mother's best friend is a woman missionary in Burma". The use of gentleman and lady in such cases denote the speaker feels inferior to the person in question. Still another popular error—resulting mostly from lack of thought—is—"She went with John and I." I know an English major in college who frequently comes out with that flagrant mistake.

Present your problems to Miss Marrel who will promptly mail personal replies to questions from readers inclosing stamped self-addressed envelopes.

'Slick Chicks' Are To Be Selected

CHICAGO, Mar. 15.—(INS)—The five regional most glamorous "slick chicks" in the nation were being groomed today for national poultry honors.

The representatives of five breeds, selected yesterday by the Poultry and Egg National board in Chicago, will be flown with their owners next week to Los Angeles.

There the nation "Miss Slick Chick of 1947" will be chosen at an "Egg and I breakfast" on March 20 in connection with a film bearing that title.

A Rhode Island Red owned by Mrs. W. Muskerove, Billerica, Mass., won the Northeast regional contest.

The awards were made on the basis of "charm, personality and glamour" by a committee which included the celebrated artist, George Petty.

Income Tax Must Be Filed Tonight

Deadline But Few Hours Away For Those Who Have Postponed Ordeal

If you have failed to file your income tax with the Internal Revenue office, you are reminded by G. A. Funkhouser, division chief in charge of the local district office, that you only have until midnight to do so.

The division office here will be open until midnight to take care of those who put things off until the last moment. But do not come around at 12:01 and expect to get in, because the doors are going to be closed promptly at the stroke of 12. It is believed that most of those liable have filed their returns. Extra help has been on hand in the local office during the past two weeks helping folks with their returns and by Monday things will be back on an even keel again.

Here's Tip For Girls Wanting To Marry

BOSTON, March 15—(INS)—This advice is for girls who want to meet a man and get married.

Dr. Walter E. Barton, superintendent of Boston State Hospital, said today that by becoming an occupational therapist girls issue an invitation to cupid.

He said: "It's a quick passage to marriage. The girl who becomes an occupational therapist meets men, works with men, and more often than not falls in love with them. The supply for therapists is less than one-tenth the demand."

Titusville Police Ponder Puzzle

TITUSVILLE, Pa., Mar. 15—(INS)—Titusville police can't figure out this one.

Maybe idle curiosity was to blame. But the curious weren't idle, if that is the answer. Anyway:

Burglars entered the home of William J. Stephens. They had to climb an iron trellis to an upstairs window to gain entrance.

They ransacked the entire place. They went through drawers where valuables were kept. They apparently examined jewelry, much of it quite valuable.

They left with nothing, Stephens said, after checking everything.

PERMITS TO BUILD

City authorities today granted to the J. Henry Kline company permit to construct a one story, concrete block, for lumber storage purposes.

Irwin Defeats Wampum, 61-44 To Annex WPIAL Class "B" Title

Cervi Paces Knights With 22 Point Total At Pittsburgh Court

Section XIII Passers Keep Up Steady Attack To Eliminate Hennon Quintet

Kanagy-Jackson Share Indian Scoring Honors; Over 2,000 Fans See Contest

(By News Staff Writer)
PITTSBURGH, Mar. 15.—Paced by their sensational forward, Bob Cervi, Irwin high's White Knights defeated Wampum at the Pitt pavilion last night to win the class "B" title of the WPIAL, 61-44.

The Section 13 action smashed 22 points on seven fielders and eight charity tosses to account for more than one-third of their team's high total, while secondary scoring honors went to Tom Butler, guard, with 16.

The victory qualifies the Knights to now enter the regional play-offs of the PIAA. The Rose men will meet the winner of the District 5-District 6 game next week in their first pairing. Over 2,000 fans saw last night's battle.

Stay In Front
The Irwinites showed their superiority throughout the game, and after taking the lead for the second time in the first session, were never behind. With the stamina of true champions, the Knights applied the heat in the final moments to win easily after the Indians closed the gap to six points and gave indication that they might overtake the leaders.

Cervi was a ball of fire on the court with his sharp goals from the field and uncanny foul tosses. The Irwin pace-maker cashed in eight out of 11 charity throws. His fellow forward, John Abraham, also sparked with his terrific speed in moving the ball, and teamed with lanky Dick Schade, towering tipster, to dominate the rebound work all evening.

For the Indians, Dave Kanagy and Ray Jackson teamed up to tally exactly half the Wampum points, each getting five field goals and one foul counter for 11 points.

Fighting Team
Irwin was keyed high for last night's fray—they played with fast surety, flooding the floor with their speedy attack and swarming under the hoops when shots went goalward. It was this furious drive all through the game that threw the Hennon men out of gear, although there were times when the Redskins looked as though they would fight back into the picture and move ahead.

Wampum cracked the ice in the first frame, and ran the count to 6-3 in the first three minutes. Here Abraham arched a set and Cervi's brace of fouls took the lead away from the Indians, 7-6. McMillin and Procopio put the Indians back in front on charity tosses, but Cervi hit again with a free throw and the score was tied again, 8-8.

Chuck Badger's under-the-hoop fielder gave Wampum a 10-8 lead, and it was the last time the Section 21 team was in front. Schade and

Cervi added fouls to make it 11-10 Irwin, and Cervi added a lay-up. The period ended 13-12 when Kanagy hit from the side on a feed from "Red" Mohr.

Irwin Keeps Edge
With Schade reaping the rebound, Irwin continued their fast play in the second quarter. Cervi and Abraham took care of the inside attack while Allhouse, Sistik and Butler kept the Wampum defense off balance with beautiful long set shots. The closest the Indians could make the margin was five points and the half ended with the Knights out front, 33-23.

At the beginning of the third period, coach Butler Hennon injected Bob Griffin and Ray Armatorio in the hopes of revitalizing the Indians and closing the gap.

The Rose lads did not buckle though, and the long-awaited Indian rally failed to materialize. Cervi ran the score to 35-23 on two charity points, and Allhouse added another after Eddie McMillin got in a lay-up. Armatorio got two double-deckers while Cervi added one and the count was 38-29.

Enjoy Healthy Lead
Butler's two-player made it 40-29 but Armatorio, playing a fine game, cashed from the pivot for Wampum. Irwin spurted again when Abraham came out of a scramble to tip in another fielder, added a foul and Butler punched in three points. The score by 46-21. Ray Jackson parried the cords on two beauties and McMillin arched one into the hoop, but the indomitable Cervi raised a lay-up to give Irwin the third period edge, 48-37.

Wampum got hot in the final period. Armatorio tipped in a rebound and Kanagy hit with one of his patented hook shots to make the count 48-41. Butler made the 50th Irwin point on a set. McMillin tossed in a free throw and Jackson sped the length of the floor to mesh a lay-up and the score was 50-44 as the Wampum rooters rocked the gym with anticipation of an Indian rally that could mean victory.

Knights Ice Game
Redskins hopes were short-lived, however. Wampum failed to connect for the rest of the game, as the Knights played out the last four minutes with an 11-point flurry that iced the contest.

Big Dick Schade rang the bell from the pivot, and Cervi scooped in a lay-up to up the score to 54-44. Tom Butler's brace of fouls made it 56, Schade got a two-player and Cervi hit the last of the game to put Irwin into the sixties. George, sub center, ended the scoring for the evening with a foul line conversion to give the Irwinites the ball game.

Non-scoring Subs
Irwin—McGuire, Mowery and Goras. Wampum—Miller, Mohr and Yancey.

Only 38 players were listed on the roster of the Phillies reporting at Clearwater, Fla., for spring training this year.

Rivals Battle At Arena Sunday

Polish Falcons And K. Pulaski Tangle In 'Grudge' Game At Arena, At 4 O'Clock

New Castle basketball fans who enjoy close hard fought and exciting floor contests, will have their appetites appeased Sunday afternoon at the spacious Arena floor when the Polish Falcons and K. Pulaski "Big Five" heated rivals battle. The game is set to get underway at 4 o'clock.

Indications point to a capacity crowd at the game. The two Polish clubs have quite a large following. They are rabid floor fans. The Falcons hope to get revenge for that setback at the "Y" tourney last year.

Initial Meeting
This is the first meeting of the two teams this season. There has been quite some comment on the outcome, both sides are confident. Both clubs are highly trained and eager for the fray.

Sunday the fans will see some of the brightest basketball stars in western Pennsylvania and eastern Ohio, in action. The "cream of the crop" will be on display.

Stars Will Perform
Coach Al Gonet of the Pulaski team has announced that "Chuck" Dembinski, Don Heddleson, Tom Jones, Freddy Paine and Dix Nelson of the Westminster Titans will be in his lineup, along with Billy Andrews, Joey Cooper, Chuck Elgin, Joe Krawkoski, Bus Davis, Pat Patterson, Bus Strausbaugh, Stan Wasik, former Titan star, Vince Kelly, Jay Thomas, Carl Jameson, John Zukowsky, and others.

Coach Henry Koszela of the Falcons will stick to his original lineup—he has used all year with probably Charlie Dutkin the only extra man, at one forward, Eddie "Cash" Koszela, or Tom Carey at the other forward, "Flash" Wenda at center, and "Pop" Adams and Paul Morrison at the guards. With the exception of Dutkin this is the same Falcon team that defeated the Ecclesian club two games at the Arena, and looked very impressive. A great game is in store for the fans at New Castle's most popular sports center. The doors open at 3:30 p. m.

State Predator Controller Here
State Predator Controller Rosenkrans is here today giving a demonstration how to trap fox at the farm of the Lawrence County Sportsman's association, near the Harbor. H. advocates the placing of traps and believes two or three dozen trappers can do much to rid the county of fox which are destroying game.

In Chicago, the Sox management announced the reinstatement of Murrell Jones, rookie first baseman. John was put on the voluntarily retired list early last season when he suffered a broken arm.

Coon Hunters Meet Monday
Representatives from Allegheny, Butler, Crawford, Erie, Mercer and Lawrence counties will meet in the V.F.W., McBride Post, No. 522, Grant street, Monday night, to discuss problems affecting the Western Pennsylvania division of the Coon and Fox Hunters association. The Lawrence county association will be host to the visitors.

CHICAGO, March 15.—(INS)—Sammy Angott, former world's lightweight champion, was qualified today for a match with Johnny Bratton, Chicago's leading lightweight boxer.

He delivered the knockout punch in two minutes, 41 seconds of the fourth canto.

Castiglione suffered a cracked rib in the bout and was removed to a hospital.

A Chicago stadium crowd of 10,151 spectators paid a gross gate of \$43,376.

JOHNNY SHKOR WINS TECHNICAL KO OVER TAMI

BOSTON, March 15.—(INS)—A possible new contender for the heavyweight title appeared today in the person of Johnny Shkor.

Shkor won an eight round technical knockout decision last night over Tami Mauriello.

Mauriello was the last man to face Joe Louis in the ring and was knocked out but for the first ten minutes of the fight he had the champion rolling from a single punch.

It was a different story last night. Shkor a Boston boy cut Tami's eyes badly in a bruising, butting and toe-toe fight. Tami wanted to continue after the seventh round but physicians ordered the fight stopped.

At the end of the fight Tami smashed Shkor in the teeth when the ex-sailor went to Tami's corner to shake hands with him.

Until Annapolis dropped boxing as an intercollegiate sport, Navy was Penn State's most persistent ring rival.

Colored Spartans Join City League

Spartans Will Make 16th Team In City Baseball League This Summer

City baseball league was not long in getting the 16th team into the circuit. Friday afternoon at 2 o'clock Harold Sessions, informed the City league officials that he was placing the Colored Spartans in the league.

The Spartans promise to field a strong team in the loop and will try for the championship. This is the first colored team that has taken out a City league franchise for many years and they are eagerly looking forward to playing organized ball.

With a full 16-team league now established the City league officials can start work on the tedious schedule of games. The league will probably open the third week in May, depending on the weather.

The next meeting of the league managers will take place Thursday, March 27th.

JAKE LAMOTTA DEFEATS BELL IN 10 ROUNDS

NEW YORK, March 15.—(INS)—Tommy Bell, classy Negro welterweight from Youngstown, O., today gave up all hope of ever beating Jake Lamotta, rugged New York middleweight, as a result of his third successive defeat by the Bull of the Bronx in their ten-round bout at Madison Square Garden last night.

Lamotta, with a weight advantage of nearly ten pounds, knocked Bell clear out of the ring in the first and last rounds, and won a unanimous decision after Bell had seemed to be doing all right. Jake, who is shunned by leading middleweights as a dangerous rival, was the aggressor throughout.

Bell, who nearly took Sugar Ray Robinson's welterweight title away from him in their recent fight, had Lamotta in trouble in the first round but once again failed to capitalize on his advantage.

A crowd of 17,108 paid \$87,348 to see the fight.

Rumor Durocher May Get 'Fired'

Rumor Says Durocher May Get 'Gate' For Various Front-Page Feuds Lately

BALBOA, C. Z., Mar. 15.—(INS)—The camp of the Brooklyn Dodgers was slightly upset today by a grapevine rumor that Leo Durocher might be supplanted as manager of the Brooks as a result of the various feuds and front-page situations in which he has become involved.

Leo the Lip himself, however, remained unperturbed by the report that he might be succeeded by Dixie Walker, veteran outfielder. An authority close to the team took little stock in the report, and said he is sure that President Branch Rickey is feuding with Pres. Larry MacPhail of the New York Yankees, who has complained to Baseball Commissioner A. B. (Happy) Chandler about charges of the Brooklyn big-wigs that he, MacPhail, consorted with gamblers in Cuba.

'Quips, Duquesne In Title Battle

PITTSBURGH, Mar. 15.—(INS)—Duquesne and Allegheny meet at Pitt stadium tonight to determine the WPIAL's Class A basketball champion for 1947.

Allegheny will be making its sixth bid for the title it never could win. Duquesne has won the crown four times.

Breaking all existing records for basketball attendance in the deep south was made this season by Louisiana State's hoopers who played before approximately 58,000 cage fans in nine home games.

LAWTON CARVER
International News Service

NEW YORK, Mar. 15.—How can a fellow of small intelligence (like a sports writer) figure out the right and wrong of gambling?

The smart, forthright people themselves, like judges, legislators and churchmen sometimes mix up the moral and legal aspects of the gambling craze and wind up finally in a state of confusion.

This hasn't been lessened any to speak of by the New York court of appeals reversal of the lower courts in the case of Sam Boston, nee Samuel Solomon.

To backtrack a little, Boston was convicted for betting \$330 to \$300 on a prize fight, but the appeals court ruled that casual betting is not illegal and Boston, national famed character in gambling circles, thus beat the rap.

For Example
Without going into the ramifications of this case, we can take a look at gambling and perhaps figure out when gambling isn't gambling.

This could be a casual bet. Joe Sausage calls up his bookie, name of Willie Buzz, and says:

"I usually want to bet you a friendly \$10,000 on tonight's fight." Willie the bookie says OK.

The cops have the phone tapped. They haul Willie the book in and charge him with being a common gambler. But where is the evidence?

A \$10,000 bet could be casual to Joe Sausage if he had a million and was used to betting \$50,000 a pop.

And Willie the book might be the same kind of a fellow, just rich and full of fun and looking for friendly action.

You find another aspect of this in the racing business. It is legal to bet through the machines at a track—with the state and federal governments and sometimes a city sharing in the revenue from the gambling—but illegal to bet away from the track.

I called on Mr. Herbert Bayard Swope for a viewpoint on this today. As a newsman, he wound up as editor of the old New York world.

As a horse player he has sent his boys bobbing along through the hand books of the old days and the machines of the present. In official capacity, he was once chairman of the New York Racing Commission.

Mr. Swope said in connection with the legality of betting at a track and the unlawfulness of off-course betting:

"I never could see the difference between betting inside a fence or outside of that fence.

If we can clean out some of our hypocrisy it will do a great deal for our national character.

Would Change System
"I'm convinced that off the course betting would go a long way toward curing the pool room evil."

The former head of the commission pointed out that England and France have sidetracked any such situation by letting you bet on or off the track. You can make a bet in England through the post office, which stamps your ticket and so long as the bet was made before the race was run you collect—if you've got anything coming.

Next Wednesday the quarter-finals will get under way. The semi-finals will be played Friday and the championship game on Monday, March 24.

One game last night was nip and tuck all the way, the Shenango "Y" Five edging the Fighting Juniors (George Washington High), 18-17, with McVaine, Lewis, Waters and Brown starting.

High Aces Classy
The High Aces (New Castle High team) put on a real scoring show as they trimmed the Shenango Seniors (Shenango High) by a 48 to 17 count, with Don Waters sensational, with 16 points, followed by Jimmy Janacoe, Chuck Rea and Don Reed. C. last night 42 to 24 with a tall rangy ball club, led by Richards and Masters.

East Brook proved a big surprise in the tourney with a 63 to 22 win over the Irish Juniors, as Stunkard dumped in 20 points for the East Brooks, and Patterson rang up 11 points. East Brook will meet stiffer opponents next time in the Shenango "Y" Five.

National Floor Tourney Starts In Garden Tonight

West Virginia Meets Bradley, St. John's Tangles With North Carolina State

NEW YORK, Mar. 15.—(INS)—The quarter-final round of the tenth annual invitation basketball tournament will get under way at Madison Square Garden tonight with West Virginia (18-1) and Bradley (25-6) clashing in the opener, and St. John's (15-6) and North Carolina State (25-4) in the night-cap.

St. John's has a fighting chance to beat North Carolina State, Southern Conference champion, due to the return to form of big Harry Boykoff. Harry turned in a record 54-point scoring performance last Tuesday.

West Virginia, beaten only by Navy, is one of the best teams in the country. Whereas St. John's is favored to win its game by only three points, the Mountaineers should roll up a larger margin against Bradley.

The remaining four teams in the tourney will swing into action on Monday night with Kentucky, the favored defending champion, engaging Long Island university, and Utah facing Duquesne.

Bob Lemon, highly-touted right-hander, and southpaws Gene Bearden and Les Willis are expected to toe the mound for the Indians this season.

Kiner, Greenberg Are Not Hitting, But Pirates Win

MIAMI BEACH, Fla., Mar. 15.—(INS)—The Pittsburgh Pirates today hoped the continued silence of the bats of Hank Kiner and Ralph Greenberg, "Big Boy" and "Little Boy," of the Buc attack, might be a harbinger of an all-around explosion when the National league season opens a month hence.

Neither got a hit yesterday as the Bucs defeated the Philadelphia Athletics, 5-4.

Holcombe Triples
A three-run second inning in which Pitcher, Ken Holcombe smashed a two-run triple, sewed up the game for the Pirates.

Today was an open date for the Bucs, but tomorrow they again meet the Boston Braves, who already hold two exhibition wins over them.

WORLD'S YOUNGEST AUTO DRIVER

THE TICKET'S A GAG but not the car as Police Chief Edward V. Wheeler, Wideside, Cal., crouches beside Toni Lynn Nieri, 3 1/2, the world's youngest driver. The toy-like auto in which she is seated actually runs at 9 miles an hour for 5 hours on motive power derived from the rebuilt starting motor of a regular car plus a six-volt auto battery. Since it isn't used on highways, Toni doesn't need a license. (International)

FLOOD THREAT ON TIONESTA CREEK

TIONESTA, Pa., March 15.—(INS)—Residents south of Tionesta today hoped for a break in an ice gorge at the Hunter bridge on Tionesta creek that threatened to flood lowlands.

Ice moved out of the creek swiftly yesterday in the wake of a rain-storm, causing the jam. Unless it breaks today, there was danger of colder weather solidifying the mass, with possible widespread damage resulting.

STOCK MARKET PRICES NARROW

NEW YORK, Mar. 15.—(INS)—Trading in stocks came to a near standstill today with prices narrow and irregular. It was one of the duller sessions of the year with transactions numbering about 300 thousand shares for the two hours.

The international picture, coupled with the possibility of strikes on the security and commodity exchanges and in the telephone industry, put the damper on stock market operations.

At the start prices were mostly lower but steadied near the end of the first hour. In the last hour changes were negligible.

U. S. Steel and Bethlehem managed minor advances while motors lagged. Norfolk and Western Maryland declined two points but other rails clung to previous closings. Mixed results were shown by chemicals, utilities, rubbers and coppers. American Telephone was off a fraction.

Bonds and curb shares were as quiet as stocks. Cotton was irregular.

Part Of Ancient Wall At Vatican Threaten Collapse

VATICAN CITY, Mar. 15.—(INS)—Part of the towering, ancient wall around the Vatican began to crumble today and threatened to collapse.

Government engineers were called in immediately to discuss protective measures with the Vatican staff. About 60 yards of the 125-foot wall split away from the remainder on the north corner of "Olive path". The wall was built in the year 1,000.

May Solve Mystery In Finding \$92,800 Cash In Basement

PHILADELPHIA, March 15.—(INS)—A solution to the mystery origin of a \$92,800 cash hoard which Benjamin Lieberman found in the cellar of his South Philadelphia home was in sight today.

Detective Lieutenant Frank May, who has been handling the investigation, said he thought there was a "good chance of a definite statement on the whole situation" today.

His forecast was made after a federal agent revealed a major clue to the origin of the fortune had been uncovered. He disclosed that one of the \$50 bills in the cash, which had been stuffed in a corrugated cardboard box, had been collected by a driver for the Cooklyn Milk Co., where Lieberman is employed as a bookkeeper.

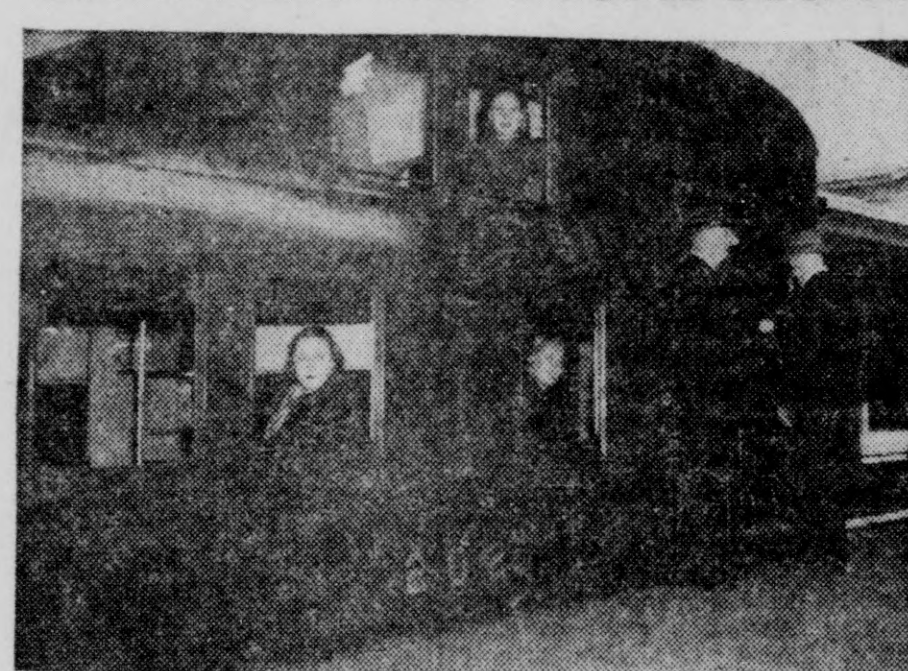

Lieberman and his wife, meanwhile, were reported still unnerfed over having found the money, which if unclaimed, will go to them under the "finders-keepers" principle. However, treasury officials already have figured their slice of the fortune at \$56.50.

OPA officials also were entered in the probe, under the belief that the money may have been amassed through black market operations. Police believed the newness of the bills indicated they had been hidden in the cellar some time last year when the Lieberman home was unoccupied.

Los Angeles Police Halt Thousands; Arrest Over Sixty

LOS ANGELES, Mar. 15.—(INS)—Surprising potential motorized hoodlums, Los Angeles police scored successes in the first counter-offensive against the rising tide of crime, Assistant Police Chief Joseph Reed announced today.

Establishing road blockades at eight strategic intersections in east and southeast Los Angeles, crime busting units of police officers halted thousands of motorists in efforts to stop a post-war crime wave that was brought sharply into focus with the mutilation killing of Elizabeth (Black Dahlia) Short, 22, January 15.

From 9 p. m. last night until 3 a. m. today police had arrested and booked 60 men, many of whom possessed automatics, knives, black-jacks, brass knuckles, iron clubs and in one instance a bayonet.

In addition the crime-crushing squads arrested scores of drunken drivers and seven juveniles.

U. S. Consulate In Buenos Aires Is Under Heavy Guard

BUENOS AIRES, March 15.—(INS)—The United States embassy and consulate were placed under heavy guard today in the wake of anti-American demonstrations by Argentine political and labor factions.

Cause of the demonstrations was a report, compiled by American Federation of Labor officials, which charged President Juan Peron with dominating the Argentine labor movement. The AFL executives based their findings on a recent tour of the Latin American country.

More than a thousand members of the Nationalistic Alianza Libertadora Nacional joined in shouts of "Down with Braden" and "Fatherland, yes, Yankees, no," as they paraded in Buenos Aires yesterday.

The Federation of Argentine Labor Unions staged a similar rally.

Left Big Estate; Made No Report On Income Tax

PITTSBURGH, March 15.—(INS)—John Simmons' uncle apparently didn't know the significance of March 15, Simmons learned today in a Western penitentiary cell.

And because of it, the government may take all of the uncle's \$350,000 estate, leaving nothing for Simmons.

The latter, 30, serving the sixth year of an 8-to-29-year bank robbery sentence, learned that an uncle, Isadore Cohn, Buffalo, N. Y., wool merchant, was killed in an auto accident last New Year's eve. Cohn left no will.

Cohn was the last of his line. Investigation showed that Simmons was his apparent heir.

But yesterday the Treasury Department pointed out that Cohn never had contributed to the federal coffers each March 15, as do most other folks.

Public Administrator Samuel Sapowich of Buffalo said:

"It is conceivable there may be nothing left for the heir after all income taxes are paid."

TERMITES EMERGE IN EARLY SPRING

Brown-bodies winged insects, where they are prevalent, soon will be making their appearance in houses in most instances, they are termites.

These insects will crawl from their colony, or nest, in the soil, or emerge from holes or cracks in the wood. Shortly after they emerge they bite off their wings.

Colonies usually are established in soil which benefits from heat of the furnace, and if they can be located control can be obtained by using orthochlorobenzene. Holes driven in the area of the nest can be filled with the liquid and then sealed.

As a precaution against these pests, correct conditions favorable to them. Stairways, posts, or any other wood in contact with the soil should be eliminated, or based on concrete. Full instructions for the control of termites is furnished in an Extension Circular, "Termite Control for Pennsylvania," which may be obtained at the Agricultural Extension Office, 206 Post Office Building, New Castle.

Seniors Prepare For Annual Play

'Come Over To Our House' To Be Staged Next Week At Senior High School

Senior class members at the Lincoln avenue building are busy with the last minute details of their benefit play, "Come Over To Our House", to be produced Friday evening of next week in the school auditorium in a public performance. This is another modern comedy by Marjane and Joseph Hayes, whose "Life of the Party" was successfully presented some time ago by Miss Hartsuff's class in dramatics. These playwrights have a special talent for plays that are just right for high school actors.

The Eldridge family with its third generation in high school, furnishes the leading characters in the action. The Eldridge living room is the setting for the three acts in which 18 Ne-Ca-Hi seniors will be having the big thrill of their lives up to the present, when the curtain goes up next Friday night.

Costumes and make-up, stage props and cues, lines rehearsed so diligently that they cannot be forgotten, will occupy most of the waking thoughts of 18 seniors all bent, next week, on making their class play a memorable achievement in entertaining their friends, relatives and acquaintances. The sum total of so much youthful enthusiasm and so much real ability, under Miss Hartsuff's skilful direction, assures another happy evening for all concerned on both sides of the footlights.

Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, March 15.—(INS)—It turns out now that the Hollywood censors were in a dither over a white bathing suit and a black evening gown Marie McDonald originally wore in her latest picture.

The picture is M-G-M's "Living In A Big Way," and the censors thought the bathing suit showed off Marie's charms in a big way, too.

The bathing suit was changed easily. But, there was a little difficulty when the censors insisted the upper part of the gown be taken in so Marie's figure would be

greatly compressed. They finally got her so compressed she couldn't breathe, much less do a dance with Gene Kelly.

Then the censors compromised by letting them put strips of elastic in the seams of the gown.

Marie protested vigorously about the whole business.

"You are supposed to be playing a very sweet and demure girl," she was told.

Retorted Marie: "That is correct, but just because a girl is sweet and demure doesn't mean she has to be flat-chested."

Plan Probe Of Possible Perjury In Labor Hearings

WASHINGTON, March 15.—(INS)—The House Labor committee on Friday authorized a full investigation to determine whether perjury has been committed during hearings on labor legislation.

Chairman Hartley (R) N. J., however, would not specifically link the investigation with the testimony given by two officials of the Allis-Chalmers local United Auto Workers (CIC) who swore under oath that they were not Communists.

Hartley announced the committee unanimously ordered an investigation to be made by the committee counsel and a representative of the attorney general's office.

He said: "I am not at liberty to name names. Any reference to particular individuals must be speculative."
